## Earthquake Rocks Vast Area In Mexico

### New Volcano Being Formed In Guerrero

Damage Heavy; Scores Injured By Three Tremors

By JAIME PLENN

MEXICO CITY (UPI)—A strong earthquake believed to have spawned a new volcano rocked Mexico City and a vast southern region of seven states Friday, sending thousands of frightened persons running into the streets from damaged homes, hospitals and hotels.

Unconfirmed reports said a new volcano was forming north of Acapulco in Guerrero State. The communications ministry dispatched a special plane to that area to check on the existence of the volcano and determine what relation it had with the quake.

In this capital city, sidewalks shattered, plaster ceilings and walls tumbled down, and pieces of brick and cement toppled from buildings. Several fires, quickly extinguished, were started by electrical short circuits. The U.S. Embassy here reported "extensive inside damage."

But preliminary reports indicate the heaviest damage may have occurred in the area around Acapulco and Chilpancingo in nearby Guerrero State.

At least one person was dead in the capital, a man who fled from his home and collapsed of a heart attack.

Forty-two others were hospitalized throughout the federal district. Four of them were reported to be in serious condition.

Unconfirmed reports from Chilpancingo said another man died of a heart attack there. Three workmen were feared dead near Acapulco when a highway tunnel under construction collapsed.

The quake was the heaviest to hit Mexico since 1957 when 56 persons were killed.

Besides the capital and Guerrero State, the violent earth shocks were felt in the states of Mexico, Puebla, Veracruz, Oaxaca, Morelos and Michoacan.

At least three tremors were felt (Continued on Page 2, Col. 3)

### Young Lovers Tiff Ends In Murder Charge

CEDAR RAPIDS, Iowa (AP)—A teen-age lovers quarrel over the girl dating another youth left a high school athlete dead and his friend charged with murder Friday.

The slaying of Bill Furnish, 17, who would have been graduated from Prairie High School in two weeks, climaxed an argument with pretty Romaine Schoenfeld, 15, that started on a school bus Thursday afternoon.

The body of Furnish, a wrestler and football halfback, was found in an upstairs hallway of the girl's home. He had a .22-caliber pistol wound in the chest.

The shooting occurred when Furnish went to the Schoenfeld home to demand the return of his picture.

Miss Schoenfeld, a freshman at Prairie High, said the boy slapped her face while they were riding on the bus, and later at the house pushed her around.

"He looked mean and nasty," she said. "He never looked like that before."

Romaine, whose parents, Mr. and Mrs. Walter Schoenfeld, were at work, said the boy rushed into her room to get his picture and she went into another bedroom for the gun.

Romaine told police her hands were shaking and the gun discharged accidentally.

The girl, oldest of four children, was charged with second-degree murder in a county attorney's information.

### TV Route 66 Is Named In Senate Probe

WASHINGTON (AP)—Senate investigators quoted from subpoenaed files Friday in accusing CBS television network executives of attempting to inject prurient sex into its "Route 66" program.

But James T. Aubrey Jr., president of the Columbia Broadcasting system television network division, denied requesting any salacious sex or extreme violence in the show about two youths who travel Route 66 in a sports car.

He testified before the Senate subcommittee on juvenile delinquency as it resumed hearings on the impact on the nation's youth of crime, violence and sex on television programs.

Aubrey was asked by Chairman Thomas J. Dodd, D-Conn., about a Jan. 5, 1961, memorandum that quoted the CBS official as laying down a dictum for "broads, bostoms, and fun."

Aubrey replied that he didn't believe he ever used the words in connection with a CBS network program.

He said that it is quite easy for people in the business to interpret a request for wholesome, pretty girls as a request for broads and to translate attractive into bostoms.

Kennedy To Visit Brazil July 31

RIO DE JANEIRO, Brazil (AP)—Foreign Minister Francisco S. Tiago Dantas said Friday President Kennedy will start his official visit to Brazil July 31.

Dantas said the President will visit Rio de Janeiro, Brasilia, Sao Paulo and possibly Recife in the northeast.

Kennedy accepted an invitation to come to Brazil during Brazilian President Joao Goulart's visit to Washington last month.

Washington sources said Kennedy is expected to make his planned visit to Mexico earlier in July.

### Administration Plans Program On Writeoffs

HOT SPRINGS, Va. (AP)—President Kennedy's Treasury chiefs told a meeting of business leaders Friday that new tax depreciation writeoffs will be placed in effect in June or July.

As a result, it was estimated unofficially that businessmen will be able to shave about \$1.25 billion from their 1962 tax bills.

Secretary of the Treasury Douglas Dillon sent word to the spring meeting of the Business Council, an organization of major industrialists, that work on the liberalized new writeoffs is in its final stages.

He said the new rules will be ordered into effect within the next two months, and will apply to the current tax year.

Undersecretary of the Treasury Henry H. Fowler, who read Dillon's prepared speech at the opening session of the Business Council, said the simplified new depreciation rules will be meaningful to American industry and to (Continued on Page 2, Col. 3)

### Heart Attack Fatal For Judge Given

CHARLESTON, W. Va. (UPI)—West Virginia Supreme Court Judge Leslie E. Given, author of several major opinions since he was appointed to the bench in 1950, died unexpectedly of a heart attack Friday while working with the other four judges in the court's conference room.

Judge Frank C. Haymond said he and his colleagues were holding a "decision conference" when Judge Harlan M. Calhoun, noticing that Given dropped his head back on his chair, said: "Look there." It was then that Given lapsed into unconsciousness and his fellow-judges called immediately for an ambulance and doctor.

Dr. Edward Lewis, who has an office across the street from the statehouse, arrived shortly after Given was stricken but failed to revive him. Death, said to have been instantaneous, was fixed at 12:20 p.m. EST.

### New Italian President Takes Office

ROME (UPI)—Antonio Segni took office as President of Italy Friday and told his country that its future lies in a united Europe and a strong Atlantic alliance.

In a colorful ceremony that combined parliamentary solemnity with historic pomp and pageantry, Segni swore fidelity to the republic as cannons roared and bells pealed.

The slight, silver-haired Sardinian's first presidential message reflected his concern with the international scene and his staunchly pro-Western and pro-European views.

"Italy has and, in my opinion, will continue to contribute effectively to the furthering of an effective European unity, developing the essential seeds of a political community contained in the treaty of Rome," he said in a nationally televised inaugural address.

Segni said the Atlantic alliance is a "community of nations whose unity and strength derives more from its common faith in liberty, peace and the progress of peoples, than from the treaties which establish it."

### General Strike Fails In Spain

MADRID, Spain (AP)—A general strike called in support of a walkout by miners and industrial workers in northern Spain, failed completely throughout the nation, officials said Friday night.

The general strike had been called for in anonymous handbills circulated here.

The appeal appeared to raise no response in Madrid or in heavily industrialized Barcelona.

Even in the coalfields of Asturias where miners have been on strike for more than a month the appeal sparked neither violence nor wider support, and it failed to change the situation in the Bilbao region where around 30,000 industrial workers were off their jobs.

### Orbit Flight Is Delayed Until May 19

Trouble Develops In Capsule Control Automatic System

CAPE CANAVERAL, Fla. (AP)

The orbital flight of astronaut Malcolm Scott Carpenter was delayed Friday two days to May 19 because of problems with the capsule's automatic control system.

The National Aeronautics and Space Administration announced the change in date late Friday after it had been reported unofficially earlier.

Officials indicated the troubles, which cropped up Thursday, were minor, but required two days to correct and check out.

Previous difficulty with the Atlas booster had slipped the scheduled launching date from May 15 to May 17.

NASA also announced its press office for the flight would open in nearby Cocoa Beach on May 15.

The problem was in the capsule's complex automatic attitude control system. The system acted up on the orbit journeys of both Enos the chimpanzee and astronaut John H. Glenn Jr. Enos' flight had to be terminated after two instead of three orbits because of the trouble, but Glenn was able to manually override the problem in his capsule.

The difficulty on Carpenter's spacecraft apparently is of a different nature than the troubles which plagued the previous two flights.

Any lengthy delay of Carpenter's flight would put it in conflict with a series of high-altitude nuclear tests planned by the United States in the Pacific in June and July.

Project Mercury officials do not want to subject the astronaut to radiation created by these blasts. If his flight date does slip into this period, it probably would be postponed until August.

Meanwhile, Carpenter continued preparations here for his three-orbit mission, which will be similar to Glenn's space ride.

### U.S. Seizes Four Surplus Warplanes

NEWARK, N.J. (UPI)—The government Friday seized two more surplus warplanes to keep them from being sent overseas. Officials would not reveal where they were headed, but one pilot was reported to have said the planes were destined for the war-ravaged Congo.

Speculation on the destination of the four seized A26 medium attack bombers had ranged from the Congo to anti-Castro forces in Central America.

Three of the planes were seized at Newark Airport. The other was confiscated in Chicago's Midway Airport. Two were seized Thursday night and two Friday.

The planes were flown to this port city, where they easily could be loaded aboard ships, from the West Coast.

The twin-engine attack bombers apparently were bought from a government depot at Davis Monthan Air Force Base near Tucson, Ariz. They were flown from Tucson to Phoenix where they were repaired—and perhaps to Los Angeles before they headed East.

In Arizona, one source said that five A26s were purchased in a group but one of them either was unfit for flight or cracked up on a checkout flight.

## OAS Increases Moslem Terror

France Prepares New Crackdown

By RODNEY ANGOVE

ALGIERS (AP)—France's top official in Algeria launched a new crackdown on the European Secret Army Friday but terrorist gunmen continued blazing away at Moslems.

Despite the roundup of some of the busiest secret army killers, 18 or more Moslems—including 7 women—had been shot dead on Algiers' streets by nightfall. Fourteen persons had been wounded.

The difficulty on Carpenter's spacecraft apparently is of a different nature than the troubles which plagued the previous two flights.

Any lengthy delay of Carpenter's flight would put it in conflict with a series of high-altitude nuclear tests planned by the United States in the Pacific in June and July.

Project Mercury officials do not want to subject the astronaut to radiation created by these blasts. If his flight date does slip into this period, it probably would be postponed until August.

Meanwhile, Carpenter continued preparations here for his three-orbit mission, which will be similar to Glenn's space ride.

An informed source, who refused to be quoted by name, said the Senate investigating subcommittee has found some former employees willing to talk about the indicted West Texas financier's finances but did not identify them by name.

The 37-year-old Estes' financial empire has crumbled in recent months. He already is under indictment for fraud and currently is under investigation by four grand juries in Texas and by two congressional committees.

A Texas court of inquiry has turned up evidence that Estes profited hugely on government grain storage, manipulation of cotton acreage allotments, fertilizer sales and other aspects of the farm program.

Republicans are clamoring for a full-scale probe of the Department of Agriculture and its head, Secretary Orville L. Freeman.

Sen. John G. Tower, R-Tex., said at a news conference that he has evidence indicating the Estes scandal "may make Teapot Dome look like a Sunday school picnic."

He said he is confident the Agriculture Department received complaints as early as last June that the Pecos, Tex., financier was profiting from favored treatment by the Agriculture Department.

Freeman and other administration officials have denied that Estes got any special favors, pointing out they initiated the investigation that resulted in the Estes' financial kingdom toppling.

### Pro-Commie Troops Drive To Thailand

Battered Loyals Retreat Across Mekong River

By ANTOINE YARED

VIENTIANE, Laos (AP)—Pro-Communist battalions have completed the occupation of northwest Laos in a surging advance that carried them more than 100 miles beyond the cease-fire line to the border of pro-Western Thailand.

Battered royal Laotian troops Friday were reported fleeing across the Mekong River into Thailand after abandoning Houei Sai, last government outpost in the northwest.

The royal government expressed fear the Pathet Lao rebels were ready to follow up their push to the Thai border with a general offensive against the royal capital of Luang Prabang in the heart of Laos and on the administrative capital of Vientiane in the south.

The Defense Ministry said that three to five Soviet-made transports have been unloading men and war material daily at two bases in the rebels newly won territory since the fall Sunday of Nam Tha. A communique also reported movement of an artillery equipped Red column from the rebel headquarters in the Plaine des Jarres.

Appeal For Peace

In Vientiane, King Savang Vathana appealed to Laotian leaders to try to solve the crisis peacefully. He did not name the leaders, but his remarks were clearly aimed at the rebel side. In a speech from the throne to the National Assembly, the king lauded royal army troops who, he said are sacrificing their lives to oppose foreign invasion—a reference to Communist Vietnamese and Red Chinese units reported by the royal government to have participated in the latest thrusts.

The rebel advance, in defiance of a demand by neutralist Prince Souvanna Phouma to halt the offensive, seemed certain to bring new demands by Thailand for action by the United States or the Southeast Asia Treaty Organization to check the rebels.

Thailand's Prime Minister, Marshal Sarit Thanarat, planned a personal inspection of the border area before deciding whether to send more Thai troops to the frontier.

"We must first find out what the Communists actually want and what they'll do next," he told newsmen.

A royal Laotian spokesman claimed three Chinese Communist battalions attacked Houei Sai after pursuing the retreating government forces from Nam Tha. U.S. military sources, however, have discounted Vientiane claims of Red Chinese involvement.

An observer said six American military aid group personnel were still in Houei Sai early Friday, but that two American staffers attached to the Tom Dooley Foundation Hospital had moved across to Thailand with most of the hospital equipment.

Muong Sing, where the late Dr. Tom Dooley founded a jungle hospital only five miles from Red China's border, fell last week to rebel troops.

### Europeans Flee From Algeria

PARIS (AP)—European settlers have begun fleeing to France from Algeria in a flow expected to swell to a torrent as the North African territory becomes independent.

Planes and ships are filled to capacity. The latest ship arriving in Marseille had about 1,000 passengers, more than twice as many as on previous recent trips.

The French government is set to handle 300,000 to 400,000 refugees from Algeria in the next four days out of a European population estimated at about one million. Many of the settlers were of Spanish, Italian or Maltese origin.

Because most Frenchmen are revolted by the Secret Army organization terrorist activities, the first refugees have been received with coolness. Political discussions quickly developed into arguments.

### Moscow Bans Flights

MOSCOW (AP)—All night flights in and out of Moscow have been banned, it was learned Friday. Both domestic and international air lines are affected. No reasons was given, but it was generally assumed here that military air maneuvers are going on in the Soviet Union.

## Johnson Family Returns From Soviet Union . . . Disillusioned

BOSTON (AP)—The disillusioned David Johnson family came home Friday from a 10-day visit to the Soviet Union, which Johnson said he found "no Utopia—far from it."

Johnson, 32, a former Philadelphia railroad worker said he went to the Soviet Union "for one thousand and one reasons, and as it turns out, all were incorrect—tragically."

He said he also had "one thousand and one reasons for coming home, but it would take a Bri-

tannica (encyclopedia) to describe it."

Johnson flew to New York from London with his family and came back by air to Boston where he and his family were met by Mrs. Johnson's mother and sister. They drove the Johnsons and their twin sons, Cole and Lindsey, 4, by automobile to Manchester, N.H.

Johnson and his wife sold all their possessions, and he quit his job as a \$112-a-week Pennsylvania Railroad timekeeper to go to the

U.S.S.R., to stay.

They boarded a Soviet ship in London April 23 for Leningrad, but by last Monday they were back in London, reporting disillusion.

Johnson said for one thing he had hoped to get hospital care for one of the children ailing with a heart condition.

But he said a look at one hospital changed his mind on that score. "It was unsanitary, obvi-

ously dirty," he said.

Johnson said he never has been a member of the Communist party, but he said in New York he had supported Communist causes for the last 10 years or so.

He said anyone in this country with the same inclination ought to go to the U.S.S.R. as he did and relatives.

look around and see what is there.

It only takes 10 minutes in the country to see that the Soviet Union "is an evil, bad thing," he said.

Johnson said over-all the trip was worth the trouble.

"It was an education," he said. Mrs. Johnson's mother, Mrs. John Zepenas, of Manchester, N.H., said the family move to the Soviet Union was a shock to their

Johnson said he now hopes to "pick up the pieces of our tragic life." He said he will have to find a job and a home for his family.

He said he was happy to learn he may be able to go back to his railroad job in Philadelphia.

A Pennsylvania Railroad spokesman said Thursday Johnson could have his job back, but a later railroad statement today said Johnson's case will be ruled upon when all the facts are at hand.

## Henry W. Sands Starts Hunger Strike In Jail

Maryland Head Of CORE Fights Racial Injustice

BALTIMORE (AP) — Henry W. Sands, 28, Baltimore chairman of the Congress of Racial Equality, has started a hunger strike in city jail, where he is being held on charges of trespassing.

Sands was arrested Thursday at Millers Brothers restaurant, Howard Parks, deputy warden at the jail, said "He drank water this morning. So far, no food."

Sands said he had written Mayor J. Harold Grady and Gov. J. Millard Tawes a letter in which he said the injustice of racial inequality is intolerable. He claimed political leaders were making a campaign for an equal accommodations bill a political football.

"I want no bail or counsel," Sands said he had written. "I want no nutrition. I shall be civilly disobedient. I shall not give in until I am satisfied that this injustice has been substantially eliminated. May God be with me."

While Sands fasted, members of CORE, the Civic Interest Group and the Nonviolent Action Group of Howard University planned a three-day civil rights conference starting Friday in Baltimore. Demonstrations against segregation and panel discussions on civil rights were planned.

In another development, Gov. Tawes declined to commit himself on reviving public accommodations legislation if the Maryland General Assembly meets in special session later this month to consider apportionment of the legislature.

"I will not comment until I have met with legislative leaders," Tawes said. "You know my position. We tried to get a bill through."

The U.S. State Department and the Maryland Commission on Interracial Problems and Relations applied pressure this week for reconsideration of the measure after African diplomats were refused service this week along U.S. 40.

Tawes also would not say whether he favored integrating facilities at Ocean City, Maryland's summer resort town on the Atlantic Ocean.

"I think it is Mayor (Hugh) Cropper's responsibility and that he will make every effort to work out a satisfactory solution to the problem," the governor said.

## Five Sentenced For Fraud In Home Improvements

BALTIMORE (AP) — More than 18 months after they were convicted, five men were sentenced Friday for home improvement frauds.

William Pearlman, former president of Reynolds Engineering and Supply, Inc., was given five years in the House of Correction by Judge Anselm Sodaro.

William Blank, former officer of the concern and one of its owners, was sentenced to four years. Jerome Glass, former Baltimore policeman and salesman for the concern, received 18 months.

Leonard Cohen and Blair Brown were fined \$2,000 each and levied their share of the extensive court costs in the case, now three years old.

They were convicted of conspiracy during 1957, 1958 and 1959 to defraud home owners in connection with home improvement contracts. The prosecution said home owners had signed second mortgages on their homes without being aware of it.

The fire broke out, apparently caused by a short in the electrical system, Thursday afternoon. Twelve alarms were sounded. Five of the two-hundred firefighters were injured, none seriously. Bits of charred rails littered the ground for several miles around the factory, in northwest Baltimore.

### Railroad Buffs To Ride Old PRR

BALTIMORE (AP) — Railroad buffs are going to ramble by rail along the Susquehanna River May 26.

The Baltimore chapter of the National Railway Historical society said the outing from Baltimore to Harrisburg, Pa., is open to the public and will follow a Pennsylvania Railroad line normally used only for freight service.

The trip will include a run of almost 50 miles along the Susquehanna between Perryville, Md., and Columbia, Pa., largely made up of three lakes formed by hydroelectric dams at Conowingo, Hollywood and Safe Harbor. A two-hour layover at Harrisburg will include time for lunch and there will be stops for picture-taking at Port Deposit and Safe Harbor.

## Tavern Owner Beaten With Pipe; Robbed

Baltimore Man Reports Loss Of \$20,000 In Cash

BALTIMORE (AP) — A Baltimore tavern owner was severely beaten with a piece of pipe and robbed of \$20,000 Friday outside a bank.

The tavern keeper, William C. Fischer, 59, had just withdrawn the money to use for cashing checks at his tavern.

A parking lot attendant nearby, Andrew J. O'Brien, 77, told police he witnessed the robbery. He said a red sedan pulled up to the curb and two men got out and began beating Fischer, while two others remained in the rear seat.

"I yelled at them," he said, "and then I noticed that the two men in the car had guns pointed at me." O'Brien said one man told him, "Get away, old man," before all four fled in the automobile.

Patrolman Howard Kremeyer, at a nearby corner, had just started for the scene when the men drove past him in the car and fired one shot at him through the automobile window. Kremeyer was so close he was struck in the face by a piece of flying glass, but he was not seriously injured.

The patrolman said the men stopped a few blocks away and changed to a late model Cadillac.

Stanley Greenfield, 30, told police he witnessed the change of cars and wrote the license number of the second car on the dust of his dashboard.

Greenfield said he was suspicious because he saw one man drop a paper bag and spill money from it, and when he stooped over to pick up the bag a gun butt protruded from his hip pocket.

Police check one license number to an auto dealer outside Bethesda, Md., and the other to a used car dealer in Baltimore. Officers planned to question both dealers.

the entire American economy.

Fowler took Dillon's place when the secretary was detained in Washington by congressional hearings on the administration's new tax bill. The undersecretary left no doubt that the new depreciation writeoffs will go into effect regardless of what happens to the tax bill, which includes a tax credit for modernization investments.

The assurances were laid before the 100 industrialists in an obvious administration effort to improve relations with business in the wake of the steel price row, and to dispel talk that the Kennedy administration is antibusiness.

Fowler said the new depreciation rules recognize the more rapid obsolescence of industrial equipment in an era of new technological developments.

Under the revised rules, companies will be able to take bigger annual deductions for the cost of new machinery and equipment.

Fowler said the new rules will be simpler. Instead of specifying official useful lives for 5,000 separate items, there will be only a few broad classes of items for each industry.

All Business Council sessions are closed, but government officials are under White House instructions to give copies of their papers to newsmen.

The council will hear Saturday a forecast of strongly rising business activity through 1962. The prediction, in the face of current stock market jitters, was prepared by a panel of industrial economists headed by Charles G. Mortimer, board chairman of General Foods, Inc., and head of the council's committee on the domestic economy.

## Maryland News In Brief

OCEAN CITY, Md. (AP) — Ocean City is planning a big parade June 2 to celebrate its renovation and recovery from the tidal storms of March 6 and 7.

Mayor Hugh Cropper says plans include marching units, drum and bugle corps, fly-overs by jet airplanes and cannon salutes by Coast Guard vessels.

INDIAN HEAD, Md. (AP) — Damage was estimated at \$20,000 Friday after an explosion at the Naval Propellant Plant where solid propellants are manufactured for rocket motors.

A spokesman said the explosion happened in a remotely controlled, heavily barricaded section and there were no injuries. The cause of the blast was being investigated.

FRENCH LICK, Ind. (AP) — Miss Barbara Grace Johnson, assistant deputy director of a Baltimore urban renewal project, was elected president Friday of the Association of Junior Leagues of America.

BALTIMORE (AP) — Gov. Tawes has proclaimed the week of May 20-26 as Maryland Highway Week.

"The construction and use of modern highways has substantially contributed to lower accident rates in every part of Maryland," the proclamation said.

BALTIMORE (AP) — Maryland's traffic death toll for the year stood at 159 Friday — 34 more than on May 11 a year ago — after Jimmie Jack Cooper, 14, Baltimore, was struck and killed by a car. Police identified the driver of the auto as 35-year-old George J. Molnar.

BALTIMORE (AP) — Frampton Ellis, a junior at Bethesda-Chevy Chase High School, is the new president of the Maryland Association of Student Councils, succeeding Robert Pryor of North Hagerstown High.

Ellis was installed recently at the final meeting of the school year of the association's executive committee. Other officers installed were Kathleen Rhoad, Parkville, and David Weiner, Greenbelt, both vice presidents; Charles Webber, Bethesda-Chevy Chase, secretary, and Martha Sansbury, Calvert County, treasurer.

The leaders are to attend the National Student Council Conference in San Gabriel, Calif., June 24-28 and a week's workshop at Frostburg State Teachers College Aug. 19-25.

BALTIMORE (AP) — The Maryland State Employment Service reminds housewives struggling with spring cleaning Friday that it can provide domestic workers for washing windows, general cleaning or even watching the children.

There is no charge for the referral service. The organization said it receives 35 to 55 such calls every day and provided more than 700 dayworkers last month.

BALTIMORE (AP) — The first of 100 sidewalk planters was placed at the intersection of Howard and Lexington Streets, the center of Baltimore's business district, Friday by the Committee for Downtown.

The pilot project for placing planters containing holly trees, azaleas and flowering annuals will cost \$20,000, borne by merchants in the five-block area. The committee hopes the idea will spread throughout the downtown section of the city.

BALTIMORE (AP) — The bell on Francis L. Trimboli's ice cream truck brought the usual flock of children running, plus trouble for Trimboli.

The 29-year-old driver sold treats to some playful youngsters Thursday night in Baltimore. Then, after he drove off, he discovered one of them had taken the money changer containing \$44 from his belt.

## Georgia Asks Court Rule On Unit System

Highest Tribunal Requested To Act Before Primary

WASHINGTON (UPI) — Georgia asked the Supreme Court Friday to hold a quick special hearing and reverse a lower court ruling that declared the state's county unit election system unconstitutional.

The appeal, asking the court to act before adjourning in June, said the decision by a special three-judge federal court on April 27 threatened to jeopardize Georgia's Sept. 12 primary.

The state and the Georgia Democratic party filed the appeal urging special hearing action in the immediate future.

Under Georgia's unit system, an office holder is elected by each county casting a specified number of votes rather than by popular ballot.

The three-judge court struck down two Georgia unit system proposals in the April 27 decision on grounds they favored rural over urban areas. The ruling said this denied city voters "equal protection of the laws" guaranteed by the 14th Amendment to the Constitution.

## Pinto Bridge Gets Go-Ahead

An agreement has been reached between Allegany County and the State Roads Commission on plans for the construction of a bridge across the Potomac River at Pinto at an estimated cost of \$1,000,000.

A meeting was held Thursday by John Funk, director-chairman of the State Roads Commission; John J. McMullen, a member of the commission; John J. Rowan and John Tucker Mason, county commissioners, to finalize the program.

The two county commissioners informed Funk that they would send a formal notice to the SRC to proceed with test borings and site location work next week. On the basis of this preliminary work the State Roads Commission of West Virginia will be able to act in concert on the bridge project.

Funk said that negotiations between Maryland and West Virginia road officials have been carried on for more than a year with Attorney General Thomas B. Finan having been appointed by Gov. Tawes to handle Maryland's interests in the project.

Funk said that upon completion of the test borings and the action by West Virginia in participating in the project that bridge design work can be started early next month and bids advertised for the work by early fall. He pointed out that the state has bridges at Sandy Hook and Brunswick which can be used as models for the Pinto structure.

The agreement between Allegany County and Maryland calls for a total of \$670,000 being spent on the project. West Virginia's share would be about \$330,000 with \$147,000 for approach roadways and \$126,000 for the bridge. Right of ways and engineering costs would be about \$57,000.

The new bridge, which would cross both the Western Maryland Railway and B&O Railroad tracks and the river, would be located several thousand feet upstream from the present bridge. The bridge now in use is antiquated and entirely inadequate to handle the large volume of traffic resulting from the expansion of the Allegany Ballistics Laboratory at Rocket Center, W. Va.

Besides providing better access to the ABL facility, the relocated road and bridge would open up the entire area to industrial expansion, Funk pointed out. This is particularly true of the nearby West Virginia area, he added.

Both Funk and McMullen said that the numerous conferences held in Baltimore attended by

Commissioners Rowan and Mason with SRC officials had much to do with the success of the project. Both men have been tireless in their efforts, it was pointed out.

Funk also said that federal aid money will be available for the project and also that upon completion of the approach road from U. S. Route 220 to the bridge the state would take the section into the state system and maintain it afterward.

The approach road from Route 220 would be about 2,000 feet long. The approach road on the West Virginia side would connect to State Route 28 and thence with State Route 28 at Short Gap.

The officials at Thursday's session agreed that the new bridge and road relocation is vitally needed due to the ABL program which is part of the nation's space effort.

Commissioners Rowan and Mason praised the efforts of Gov. Tawes and Finan in obtaining the cooperation of Gov. Barron of West Virginia and the state road officials of both states.

Allegany County will use federal aid secondary funds for the Maryland portion of the project with the state assuming certain responsibilities. The county would also use money from county bond issues for any costs above the federal aid monies. This sum is estimated at \$281,000.

Federal aid totaling \$390,000 will be available for Allegany County to use on the project.

## Chicago Grains

CHICAGO (UPI)—Grain futures ran into a burst of late selling that caused most prices to finish at their lows for the day Friday on the Chicago Board of Trade.

Wheat ended off 1/4 to 1/2, corn off 1/4 to 1/2, oats off 1/4 to 1/2, soybeans off 1/4 to 1/2, and drummed lard off 10 to 30 points.

A bullish government estimate on winter wheat production prompted scattered buying of wheat at the outset. Prices soon weakened from early firm levels, however.

Brokers said many longs, expecting prices to rise sharply in response to the report, had resting orders in the market to sell. Outside buying was also disappointing.

Corn futures were quiet, and prices ranged steady to easier before the late selloff. Local dealers accounted for much of the trade. A large elevator interest bought May and sold July and September deliveries.

Trading in oats was mixed with commission houses on both sides of the market. Early local buying, prompted by an expected upturn in wheat, firmed prices at the outset. The early buyers later sold.

Soybeans eased after holding within narrow limits. Soybean oil futures dropped to new lows for the season, depressing traders in the bean pit. Meal futures ranged higher, and demand for cash beans remained strong.

Exporters sold 1,670,000 bushels of hard wheat to Yugoslavia. Portugal was reported in the market for red wheat. Brazil rejected offerings of wheat.

Outside markets were mostly lower. The range:

## Ann Landers . . .

### Answers Your Problems

DEAR ANN LANDERS: I'm 17 and you'll probably think me very stupid, but please tell me how to conduct myself when a fellow in the crowd tells a naughty joke.

I'm fairly popular and don't want to be thought of as a prude. Yet I must confess I feel the blood rush to my face when I hear an off-color joke in a mixed crowd.

Last evening three couples, triple-dated. One of the guys told a joke which I thought was pretty raw. Everyone laughed. The other two girls in the crowd almost rolled on the floor. Ten minutes later when we girls went to the powder room I asked them what was so funny about that joke. I didn't understand it. Both girls confessed they didn't understand it either.

I asked them why they laughed so hard. They said because they didn't want the fellows to think they were square. Is this the right attitude? — THE DUMMY

DEAR DUMMY: No, this is not the right attitude. Fellows lose respect for girls whose motto is "Anything goes."

To begin with, a gentleman doesn't tell off-color jokes in a mixed crowd. Fellows who don't know better should be set straight—and in plain language.

DEAR ANN LANDERS: Sometimes your advice is good. Other times you sound like a dingbat.

## Engineer Club Scholarship Fund Set Up

The Engineers Club of Cumberland has set up the first scholarship program at Allegany Community College here, according to a joint statement by Theodore W. Fritz, president of the Engineers Club, and Dr. Robert S. Zimmer, college president.

The club will award \$200 toward the tuition for an engineering student, with Dr. Zimmer explaining that the value of the scholarship meets the full tuition at the college when combined with county and state funds.

Dr. Zimmer and Fritz said to qualify for scholarship consideration the student must be recommended by his high school principal. The student also must write a letter of application to the Engineers Club.

be selected by a committee comprised of members of the Engineers Club and college staff, headed by Harry Rambo, chairman of the Engineers Club scholarship committee.

The award will be announced at the graduation exercises of the school which the winning student attends, Rambo said. Announcement of the scholarship plan has been made by the Engineers Club in letters to 21 high schools in the tri-state region, according to Rambo.

Purpose of the scholarship, Fritz said, is to encourage young people to enter the engineering profession. Cumberland, he pointed out, is becoming more and more an engineering town due to the heavy concentration of industry, both large and small.

The Engineers Club has a membership of 125 persons. Fritz said.

## Jaycees Urge Prompt Return Of Petitions

Those having petitions being circulated by the Junior Association of Commerce for the council manager plan are being urged to return them as soon as possible.

Frederick J. Hill, immediate past president of the Jaycees, said those having the petitions should return them to him at 301 Washington Street or call PA 4-4381 and the petitions will be collected.

Hill said the signed documents may be turned over to members of the Jaycees who will be on Baltimore Street today seeking additional signatures to have the issue placed on the June 19 general election ballot.

Hill said that because of the city's registration deadline Tuesday, it is not expected that the petitions will be turned in to City Clerk Wallace G. Ullery until sometime Wednesday.

This accomplished, it then becomes the city's job to verify enough signatures on the petitions to match 20 per cent of the total vote registration. This task is expected to take several days.

## City Registration Office To Be Open This Morning

The city's registration office Commerce to get the council manager plan on the ballot for today to get local voters on the referendum June 19 promises a few more busy days for the clerk's office staff.

The Saturday office hours are for the convenience of those unable to visit the office in the basement of City Hall during regular daily hours 9 a.m. to 5 p.m. Monday through Friday. The regular hours will be observed Monday and Tuesday, according to City Clerk Wallace G. Ullery, who warned any one not registered with the city will not be able to ballot in the June 5 primary or June 19 general elections.

There were 57 new registrants Thursday and over 80 signed up by 4 p.m. yesterday. The increased registration load as the deadline approaches plus the almost certain task next week of verifying names on a petition from the Junior Association of

## Charles N. "JERRY" Wilkinson Republican Candidate FOR County Commissioner

Mr. Wilkinson served as a County Commissioner from 1942 until 1950. Defeated in the 1950 GOP Primary by a margin of 32 votes, he regained a position on the Board in 1954, when he led the ticket. In 1958, he declined to seek a fourth term and has been out of office since December 1958.

A one-time employee of the Western Maryland Railway Co., he later operated a grocery and was a truck and auto tire salesman for the Kelly-Springfield Tire Company. For the past ten years he has operated a package liquor store.

Mr. Wilkinson is a son of the late Charles Nice Wilkinson, Sr., who at one time was a member of the State Roads Commission. His father also served as City Tax Collector, State and County Tax Collector and was Chairman of the Republican State Central Committee of Allegany County.

During the four year period when he was Chairman of the Board of County Commissioners, a \$1,000,000.00 County Bond Issue was approved to finance the County's share of the cost of the Cumberland-Ridgeley Flood Control Project. He sponsored and saw the completion of the County Infirmary. He also introduced Resolutions calling for construction of the now existing High Schools in Mt. Savage and Lonaconing and worked for higher pay for the teachers of Allegany County as well as for higher pensions.

The GOP candidate for County Commissioner also pointed out that he introduced the proposal for sale of automobile license tags at the Court House as a convenience to County Motorists. He advocated improvements to secondary roads and helped obtain surplus food for needy families of the County.

Mr. Wilkinson observed that as early as December, 1954, he recommended that a study be undertaken to determine whether Savage River water might be piped into Allegany County for Cumberland's use and also to benefit the Georges Creek communities. The present County Commissioners authorized an engineering survey on this possible source of water last May.

The County Commissioner candidate who stressed that he is not controlled by any individual, group or groups but is interested in working for all taxpayers, cited some of the goals for which he will strive if nominated in May and elected in November.

He stressed that he will continue to work for new bridges across the Potomac River at Pinto and Wiley Ford, as he did when he was a County Commissioner, adding that he felt these should be inter-state bridges between Maryland and West Virginia and supported by State and Federal Aid.

Mr. Wilkinson said that he believes the County Civil Service Law needs to be revised primarily to improve the salary schedules for those employed at the County Home, County Infirmary, Sylvan Retreat and by the County Roads Department. He also expressed a belief that the County should hire an Engineer to direct the Roads Department, supervise repairs to County Building and Planning and Zoning. He is in favor of a County Purchasing Agent, stating that the County is "Big Business" with a tax levy of approximately 5 million dollars. He believes that the Commissioners should be equally involved in all departments of County Government rather than in specific fields.

The candidate for a fourth term as County Commissioner is a member of Cumberland Lodge 63, BPO Elks; Cumberland Aerie 245, Fraternal Order of Eagles; South Cumberland Business and Civic Association; Cumberland Chamber of Commerce; Lonaconing Republican Club; The Allegany County Farm Bureau; United Commercial Travelers and St. Luke's Lutheran Church. He has one daughter, Mrs. Richard Gordon, this city and two grandchildren.

# Secure in LOVE

Kathy is secure in her mother's love. Trust and peace gleam in her eyes. Happiness and hope shine in her face.

But Kathy has her heartaches. She falls and skins her knee. Or she loses her favorite dolly. And then her eyes are flooded with tears.

Mommy is always there to help. The knee is bandaged and kissed. The dolly is found. As Mommy's arm slips around Kathy, the tears are dried.

Kathy is secure in her mother's love.

When Kathy grows older her mother will not be able to love away the adult heartaches. But Kathy can turn to God. Her mother's love is but an echo of the Heavenly Father's love for His children.

In faith and prayer, Kathy can find His all-sufficient help and feel beneath her His Everlasting Arms.

The Church guides you to God. You can discover your destiny as His child. You can be secure in divine love.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest force on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Garrett County Airport Will Be Dedicated

The new Garrett County Airport at McHenry will be formally dedicated tomorrow at 1 p. m., according to Carl Schell, president of the Board of Garrett County Commissioners.

The program is being prepared by the Maryland State Aviation Commission and the Federal Aviation Authority.

The airport was constructed by the George F. Hazelwood Company of Cumberland at a cost of \$285,000, of which the county paid \$57,000 and the state and federal governments the remainder.

The field is located on a tract of land on the old White Face Farm and was purchased by the county from the Garrett County Memorial Hospital, which had been left it in a will.

## Orphans Court Approves Bequests

Two cash bequests from the will of a Westernport woman were approved for payment yesterday by the Orphans Court.

The will of Mrs. Mary E. Shultice, widow of W. W. Shultice at the time of her death in 1960, bequeathed \$3,047.26 to the Allegany County League for Crippled Children and a similar amount to the Tri-State District of Potomac Council, Boy Scouts of America.

A total of \$24,378.11 was in the residuary of the will for charities. More than \$100,000 was in the estate. Horace P. Whitworth Jr., an attorney, is executor of the will.

## Class Make Donation

The Berean Class of Calvary Baptist Church, Cresaptown, voted to donate \$30 to the TNT class towards the purchase of a church bus, as its monthly project.

Herbert Halbert conducted the meeting, at which time observance of the Baptist Week of Prayer was held. Mrs. Halbert offered prayer and Mrs. Jack Hare gave a routine report.

Ronald Screen, a member of the local Junior Chamber of Commerce, was guest speaker. His topic was "Americanism." He also showed a film on the Secret of American Production. A question and answer period followed.

Mr. Halbert showed two travelog films of Canada. The invocation was given by Rev. Harold Allem. Refreshments were served by Mrs. Roger Bowman, Mrs. Hare and Mrs. Allem.

## W. Va. Makes Progress On Reappraisal

### Mineral County Program Certified

CHARLESTON, W. Va. (UPI)—County-wide reappraisals of property will be completed in eight more counties by the end of next month, in time for use by county officials in setting property taxes for the coming year.

State Tax Commissioner C. Howard Hardesty Jr. identified the counties Friday as Tyler, Wetzel, Wood, Mason, Putnam, Berkeley, Greenbrier and Mercer.

He said reappraisals for Ohio, Cabell and Raleigh Counties also are in their final stages and should be completed soon after July 1. The only county whose program has been completed and certified to date is Mineral.

The commissioner announced at the same time that he will visit each of these counties soon to explain the working of the statewide reappraisal program, authorized by the Legislature several years ago.

Hardesty said he also would check reappraisal figures with local officials and if any errors are found, delivery of the final report to the county will be delayed until they are rectified.

"We assure the people that we will not merely deliver the appraisal program, but will stand by to see that it achieves its intended purposes," he said.

The reappraisal program is an attempt to determine actual value of Class 2 property—farms and owner-occupied homes—so that it may be assessed uniformly on a basis of not less than 50 per cent nor more than 100 per cent of actual value.

"Historically, Class 2 properties have not been appraised at their true and actual value," Hardesty said, "and there has been great disparity. The reappraisal provides a means for fairness."

Hardesty said the state receives no direct financial benefit from the program. Any increased revenues resulting from this true appraisal will be paid and spent entirely on the local level for such things as schools, libraries, law enforcement and recreation, he added.

"In the past, we have spent much time explaining the reappraisal program to county officials," Hardesty said. "Now we will direct more and more of our attention to explaining the program to the people."

## The Campaign:

### O'Connor, Lacy Speak Out For Gov. Tawes

BALTIMORE (AP)—Herbert R. O'Connor Jr. and James J. Lacy Jr., sons of two former Maryland Democratic officials, staged a television chat Friday night in support of the renomination of Gov. Tawes.

O'Connor's late father had been governor and U.S. Senator. Lacy's father had been comptroller and upon his death in 1950, Tawes was named to fill the vacancy.

In their prepared script — in which they addressed each other as Herb and Jim — Lacy stated that "Gov. Tawes is the most qualified candidate to serve the citizens of this state for the next four years."

Cued by O'Connor, who is the Tawes campaign manager, to single out an accomplishment, Lacy said it was the replacement of appointed magistrates in Baltimore City with full-time elected judges.

Lacy said that Gov. Tawes has excelled in his appointments and mentioned Bernard J. Schmidt as police commissioner of Baltimore City. Schmidt has been a career policeman.

### Barrick Answers Hume's Queries About Slots

BALTIMORE (AP)—Samuel W. Barrick, Democratic candidate for attorney general on the Mahoney ticket, answered questions on slot machines Friday in a way that should please David Hume.

Hume, running for the governor's nomination as an independent Democrat, had said he would like to hear from the two running for attorney general before deciding if he would endorse either.

Hume wanted to know if Barrick and Thomas B. Finan, the Tawes candidate, considered slot machines a local matter and if they ever have or would take contributions from slot machine interests.

"Slot machines should be regarded as a state wide issue," replied Barrick, "chiefly because of distributor's determination to finance and control individual office holders."

Barrick said he had never sought or received any contributions from slot machine interests.

### Negro Leader Raps Goldstein

BALTIMORE (AP) — A Baltimore Negro leader said Friday he is urging the defeat of Comptroller Louis L. Goldstein because the Democratic candidate signed an agreement in 1948 never to sell some land in St. Marys County to Negroes.

Solomon Baylor, an attorney and former president of the Congress of Racial Equality, had what he said is a certified copy of the covenant. He added it is on file in the court house in Leonardtown.

Goldstein said he could not recall the agreement and would have to check his records back home in Prince Frederick.

He maintained he does not "believe in discrimination between any race, creed or color."

Baylor said the document signed by Goldstein stated he would not "sell, transfer, grant or convey said property or any part or interest, legal or equitable therein to any individuals, firm or corporation not of the white race."

Baylor claimed that Goldstein was given a \$2,000 reduction in price of the land for signing the restrictive agreement.

### Byrd Reports Contributions

HYATTSVILLE, Md. (AP) — While money is flowing like water for propaganda in behalf of other candidates, Elbert M. Byrd Jr. painted the other side Friday.

Byrd listed contributions to his campaign for Democratic nomination to the U.S. Senate from 143 persons and one anonymous donor.

The grand total was \$1,243.75, including the anonymous \$1.

Byrd said his top gift was \$60. There was one of 25 cents.

Byrd released his campaign contributions ahead of next Tuesday's primary because he thinks it is important for the voter "to know the sources of financial support for the candidates he is considering."

Byrd challenged his opponents to do likewise. The law doesn't require reports on campaign contributions and expenses until 20 days after the election.

## CUF Supports Six Camping Sites In Area

One of the primary objectives operated by Potomac Council of County United Fund is to serve the youth needs of Allegany and Mineral counties year-round, and the camping programs conducted by the YMCA, Potomac Council Boy Scouts, Shawnee Council Girl Scouts, and Friends Aware groups of Westernport, Frostburg and Cumberland are among the vehicles that help carry out this CUF purpose.

Central YMCA will get the ball rolling on June 11 when it begins its first Day Camp Echo program which runs to June 23 for boys and girls aged eight and older.

Day camp sessions will continue June 25 to July 6; July 9 to July 20 (this period exclusively for five, six, and seven year olds); July 23 to August 6; and August 6 to August 20.

Potomac Council, Boy Scouts will launch their six-week period of summer camping at Camp Potomac, near Oldtown, on Sunday, June 17, with seven different troops scheduled to use the camp facilities during the seven-week session. Approximately 125 scouts will be housed at camp Potomac each week.

Last year nearly 800 scouts took part in the summer camping program.

Camp Potomac is owned and

operated by Potomac Council of County United Fund. Its facilities include a dining hall and areas for recreation of all types.

The council, when it leaves after its camping program July 28, will again turn over the area for the three Friends Aware organizations, Frostburg, Westernport and Cumberland — which will conduct a combined summer program for handicapped children.

Shawnee Council of Girl Scouts has a busy summer agenda lined up with its regular two-week camps and various area Day Camps.

The Girl Scouts Camp Tioga, at Flintstone, will begin operations June 25 for its first two-week camping group. The second session will begin July 9 and the third on July 23.

In addition, day camps will be held at Camp Minco, Keyser, from June 18 to June 22, with daily sessions to begin at 9:30 a.m. and conclude at 3 p.m. for Keyser and Tri-Towns troops.

Camp Woodland at Constitution Park, Cumberland, will be in operation June 18-22 and June 25-29.

Camp Merriewood, at Frostburg's Community Park, will open July 23 and run through July 29.

Last year more than 160 girls attended two-week camps at Camp Tioga, and the number is expected to swell this year because of a new swimming pool which has been completed at the Flintstone site. More than 900 girls took part in day camp activities within Shawnee Council.

## What Disarmament Would Mean To Us

Disarmament remains a remote and vague dream, not much affected by the present mild detente between East and West. But a surprising number of earnest and realistic Americans—and their counterparts abroad—are continuing to study what the effects of disarmament would be, particularly how industrial societies might withstand the economic shocks of its realization.

Soviet Premier Nikita S. Khrushchev on returning from his 1959 visit to the United States cast doubt on the Marxist shibboleth that capitalism thrives only on the profits of war or preparation for war. Ample capitalist evidence supports this view. A panel of economists appointed by the U.S. Arms Control and Disarmament Agency on February 5 reported that disarmament coupled with economic counter-measures "should create small danger of provoking immediate depression in our economy." Economists from both Eastern and Western nations in a United Nations survey made public on March 11 stated even more positively: "There should be no doubt that the diversion to peaceful purposes of the resources now in military use could be accomplished to the benefit of all countries and lead to the improvement of world economic and social conditions."

What would take up the slack after any future disarmament? The National Planning Association in a study of January 1960 gave some answers. Over the next five years, NPA estimated, \$330 billion could go to wiping out deficiencies and making improvements in non-defense government programs alone. The breakdown: education, \$30 billion; highways and skyways, \$75 billion; urban renewal, slum clearance, etc., \$100 billion; water supply and conservation, \$60 billion; health and hospitals, \$35 billion; other non-defense programs \$30 billion.

## These Days

By George E. Sokolsky

### What Is Necessity?

This is a paragraph of a letter from a New York lawyer:

"... I believe that Kennedy has deliberately surrounded himself with Socialists, that he aims to tamper with our economic life to the detriment of the people who are losing control of their own existence, and I think that you and others, whose writings influence the public opinion and frighten candidates, should protest against the trend. . . . We older ones owe this obligation to our children and grandchildren who will be the innocent victims of Socialism after we are gone."

Why is he so frightened? He believes that we are on the verge of socialism. I have heard that outcry since I was a small child. It was heard here in New York when William Randolph Hearst ran for Mayor in 1909. It was then claimed that Hearst was a socialist who would destroy business when, as a matter of fact, he was a capitalist who was building a big business. It was said of Theodore Roosevelt when he interfered in labor-management matters, particularly in the coal strikes. It was said of Gifford Pinchot when he fought for conservation of our natural resources. It was said of Upton Sinclair when he fought against the pollution of our food. It is always said about anyone who uncovers a scandal or offers a reform.

But socialism is clearly definable: it is government ownership of the means of production and distribution and exchange. There are many kinds of socialists. For instance, George Bernard Shaw was a socialist because he believed that poverty is a sin. Beatrice and Sidney Webb, who were the heart and soul of British Fabian Socialism, would, in this country, have been called reformers and their proposals were not as radical as those of the elder La Follette. In this country, neither Eugene V. Debs nor Norman Thomas were socialists of the Bolshevik stripe and among Communists they would be regarded as Utopians, as dreamers for a better world without the willingness to be revolutionary to achieve it.

No President of the United States has been a socialist. Andrew Jackson was, at worst, a precursor of the Populists. Theodore Roosevelt, in retrospect, must be regarded as one who rescued American capitalism from its own excesses. The Marxists say that capitalism contains the seeds for its own destruction. We have been fortunate in this country that whenever those seeds grew into gall-stones, some way appeared to do some major surgery without killing the patient. The Sherman Anti-Trust Law is an example of precisely such an operation and it is often forgotten that it was the conservative William Howard Taft who did most to enforce this law.

These days one hears much in complaint of the Supreme Court, but were it not for the early decisions of Chief Justice John Marshall, it is very doubtful if this nation could have survived at all, because he defined the relations between the powerful States and the weak Federal Government.

If President Washington had his Alexander Hamilton, other Presidents sought advice from those whom they trusted. There is considerable criticism these days of President Kennedy's advisors and associates. That was true in the time of President Hoover and President Franklin D. Roosevelt. When Roosevelt organized his brain-trust he was accused of surrounding himself with socialists. Well, no one would call Raymond Moley a socialist today. Myself, I would call him a scholarly conservative. Adolf Berle is a liberal who has been effective in the fight against Communism. Felix Frankfurter, who was regarded as the worst of all, has, for years, led the conservatives among Supreme Court Justices. I recently heard Henry Wallace deliver an address which no one could possibly call socialistic.

Men may differ on how to save the world but labels do not guide us to the truth. Also, anyone who, even for a short period, has the responsibility of high office, soon enough discovers the difference between campaign talk and practical operations. The difference between the outs and the ins is that the outs may say what they please because they never need to do anything about what they say; when a man is actually in office, what he says becomes an act.

For instance, had Nixon been elected instead of Kennedy, he could not have reduced the cost of experimenting with missiles and rockets and space-ships which take such a bite out of our budget.

## President Needs Criticism From His Friends

By David Lawrence

WASHINGTON—Who are the real friends of President Kennedy? Are they the people who resent criticism of his politics and want it suppressed, or are they the critics who point out errors while there is still time for the President to correct them before he faces an election in which the voters render their verdict?

Letters from a small minority of readers sometimes indicate a closed mind—an unwillingness to examine criticism they dislike and a tendency to consider it as somehow personally unfriendly to the official who is criticized.

It so happens that this correspondent, for example, has always regarded John F. Kennedy as a man of engaging personality. But the liking that a newspaper writer has for a President should have nothing to do with the serious business of pointing out errors in public policy. The responsibility of a writer is very much the same as the responsibility of a person who holds office. The people are not interested in one's personal preferences but in the truth about governmental actions and policies. Public officials pay far more heed to criticism that comes from conscientious critics than they do to the plaudits that come from sycophantic friends and worshipping supporters.

The other day, an editorial writer of "The Wall Street Journal" wrote: "The idea seems to be if you 'like' the man who is President you should support his policies, and that if you disagree with his policies then it must be that you 'dislike' him. This is not an uncommon attitude. It is shared, in fact, by a good many politicians themselves, who can't avoid the human reaction that any criticism of their ideas is somehow a personal attack. . . . 'If our personal views on Mr.

Kennedy are of the slightest interest to anybody, we find him personally very likable and have considerable respect for him. But that is no reason for us to applaud his actions in the steel-price affair, in which we think he has badly mistaken—any more than a different view of Mr. Kennedy personally would have been cause for not applauding his decision to resume nuclear tests, in which we think he did the only wise thing for the country. Policy and not personality is the measure."

Democracy can function best when the electorate is adequately informed. These are days when highly effective use is made of television, radio and the press to present the administration's side on public questions. But what of the "other side"?

Thus, for instance, at Wednesday's press conference on television and radio, the reporters

didn't take up the following statement by the President concerning the withholding tax now being proposed on interest and dividends. He said the charges being made against the bill were "not true." He then added:

"The only ones affected will be those individuals who are not now paying the taxes they owe on this income, either through neglect or for some other reason."

But Mr. Kennedy evidently hasn't himself read the statement appearing in the newspapers the other day quoting the Commissioner of Internal Revenue as saying it is estimated that more \$200 million will be "over-withheld," and that these taxpayers would have to apply for quarterly refunds. The President said not a word about the loss of interest to the taxpayer on the amounts the government takes away from him this way for at least a quarter of a year. Nor did Mr.

## Inside Washington

By Henry Cathcart

NEGOTIATIONS—The Flight Engineers' International Association has come up with an interesting proposal for future negotiations with the airlines. It is considering opening sessions with management to the press so that progress could be reported firsthand to the public.

A spokesman for the union explained it this way:

"Too often after long and futile negotiations lasting many months or even several years the public is caught unprepared for an airline strike and thus greatly in-

convenienced. Too often, too, when this happens the airline in question, because of its economic resources, is able to take to the paid advertising route and completely distort the facts in an attempt to 'break' a particular union or group of employees.

"In addition, in view of the government's ever-increasing role in labor-management negotiations we think the public has the right to know the part its elected representatives are taking in events which greatly affect the public."

## Miami Right-Wing Extremists Plot To Assassinate State's Attorney

By Drew Pearson

WASHINGTON—Some hair-raising events have taken place in Miami recently involving three "Minute Men" who have now been charged with training in the Everglades swamps with rifles and hand grenades and one of them with a plot to blow up synagogues and assassinate the state's attorney.

The events illustrate one of the ways you don't combat Communism; for one of the seven points to combat Communism is respect for the dignity of man. The plot also illustrates why the Anso bill requiring the registration of revolvers is important.

The secret plot first began to unfold on February 18 when the home of Don Shoemaker, editor of the Miami Herald, was bombed. The police suspected a cell of right-wing extremists who had been feeding on "Communist study group" right-wing propaganda.

One of the suspects worked for the Miami Water Department as a meter reader. Therefore, a rookie policeman, Stephan Plumacher, born in Germany, who had served with the U. S. Army in Germany, was planted inside the Water Department to make contact with the plotters.

He reported back that the right-wing extremists were plotting to kill State's Attorney Richard Gerstein and Jack Gordon, a member of the school board who has been under right-wing attack because he championed the right

of schoolteachers to teach the problems and functions of the United Nations. One plan was to blow up the bridge leading to Gordon's home so his car would be wrecked while en route home at night.

### Cool State's Attorney

During all the time the plotters were scheming against State's Attorney Gerstein, he was aware of that fact but refused to have any arrests made. He was anxious to collect full and complete evidence.

At one point, he was informed that a plot to bomb his home had been changed to assassination. Donald Branch, now under arrest, was quoted as saying, "I'd rather pick him off with a rifle with highpowered sights when he walks out of his office."

Despite this, Gerstein went about his work every day.

Six weeks ago, the police came to urge that arrests be made. Somebody was likely to get hurt, they warned.

"Since I'm chief target," Gerstein replied, "I'm willing to remain a sitting duck. If I were just the state's attorney and other people were in danger, I couldn't make the same decision."

### Broomstick For Dynamite

Meanwhile, the plotters were putting Plumacher, the rookie cop, through a rigorous initiation to make sure he was not a spy. A few days ago they gave him five sticks of dynamite, told him to blow up a synagogue. This presented a ticklish problem. If Plumacher didn't go through with the initiation, he would lose their confidence. If he did go through with it, he would cause a tragedy.

So Miami police helped him wrap five broomsticks in brown paper to resemble dynamite. He lit the fuse; the police discovered the "dynamite," gave the papers the story that the fuse had burned to within two feet of the explosives.

Last week, the police finally closed in. They arrested, in addition

to branch, Michael Babey, also a meter reader for the Miami Water Department, and George Victor, an unemployed electrician. All are members of Florida States Rights, Inc. branch is reputed to be a member of the American Nazi Party. In his house was found a quantity of American Nazi literature.

George Lincoln Rockwell, commander of the American Nazis in Washington, denied this, but was quick to come to branch's rescue. "I don't tolerate nuts and criminals in our party," he said.

I talked to State's Attorney Gerstein over the phone in Miami. During the war, he flew B-17 bombing raids over Germany, was not upset now over the fact that for about two months he had lived in constant danger of death.

"This was a case," he said, "of people wanting to save America from Communism by using the tactics of Communism."

Gov. Leroy Collins, when governor of Florida, once told me: "When uneducated people hear well-educated people, especially those in uniform, preaching hate, they think it gives them a hunting license to carry out that hate."

### Judge Skelly Wright's Son

The most unpopular man in New Orleans, next to Archbishop Rummel, has been U. S. Judge J. Skelly Wright who has refused to deviate from the Supreme Court decision ordering the desegregation of the public schools. Judge Wright, despite this antagonism, has kept his sense of humor.

Now moved to Washington and promoted to the U. S. Court of Appeals, Judge Wright was much more worried that this antagonism might affect his 14-year-old son. But Jim seems to have taken the storm in his stride.

One night, while he was at home alone in New Orleans, the telephone rang and an anonymous voice asked: "Is that Nigger-loving Communist home?"

"No," replied Jim, "the nigger-loving Communist isn't here. Is there a message?"

## The Empty Floor

By John Crosby

Last Wednesday, promptly at noon, 57 visitors in the gallery of the United States Senate rose to their feet and Rev. Frederick Brown Harris, Senate chaplain, intoned: "Eternal Father, when the problems which front us seem insoluble, when the very principles for which brave men have died are betrayed, when the seamless robe of world unity is rent in twain, still may we labor on serene and confident, knowing that, while the weeping of hopes deferred may endure for a night, the joy of Thy sure victory cometh in the morning. Amen."

The Senate day had begun. On the floor of the "greatest deliberative body in the world" at the time were three Senators, Allan J. Ellender of Louisiana, one of whose great claims to fame is that he was the dying thought of Huey Long who, with his last breath, said: "Take care of Allan"; Russell B. Long, son of his benefactor, also of Louisiana; and J. J. Hickey, junior Senator from Wyoming, who had been stuck that day with the tiresome duty of sitting in the President's chair, theoretically (very theoretically) occupied by the Vice President of the United States, who almost never sits there.

Actually, Lyndon Johnson, when he is in Washington and not too pressingly occupied elsewhere, likes to be present for the opening of the Senate day. He remains for roughly 15 or 20 minutes, which is about 10 minutes longer than Vice President Richard Nixon remained when it was his job.

When the Vice President is away, the dean of the Senate, currently Sen. Carl Hayden of Arizona, becomes President pro tem, but he wasn't there either. Thereupon, the legislative clerk, as is the custom, read a letter for Sen. Hayden appointing the luckless Sen. Hickey "to perform the duties of the Chair during my absence." The chief duty of the Chair is to act as a focal point and an audience for the Senator who is speaking, and this is important since practically no one else pays the slightest attention.

A few minutes after the prayer, one of the reading clerks of the House of Representatives, a Mr. Bartlett, burst in rather theatrically and declared: "I am requested to announce that the House has passed the bill (S. 1595) to amend the natural gas act to give the Federal Power Commission authority to suspend changes in rate schedules in which the Senate's concurrence is requested." Mr. Bartlett then made a deep bow to Sen. Hickey, handed S. 1595 to a page, and disappeared out a side door.

Sen. Ellender stood up: "Mr. President, I suggest the absence of a quorum." There certainly was an absence of that. At the moment, the floor of the greatest deliberative body contained only Sen. Ellender and Majority Leader Mansfield. A few more drifted in during the reading of the role.

Sen. Javits of New York, Minority Leader Dirksen, Sen. Robertson of Virginia, and a few others.

The Senate last Wednesday was

in the grip of what is known as a "gentlemanly filibuster" conducted by the Southern Senators against a measure to ban literacy tests as a voting requirement, so it was not an altogether characteristic day. (A gentlemanly filibuster is one that starts at noon and quits at 6 p. m. The ungentlemanly kind go on all night and are very rough on everyone.)

Still, as Senate days go, a good deal went on. Sen. Javits delivered a serious speech, advising against concessions to Russia in exchange for a Berlin settlement. As he read this speech, from a lectern, there were four Senators on the floor, none listening. Kentucky's former Gov. A. B. "Happy" Chandler had dropped in to say hello to old friends and was chatting with Sen. Chavez of New Mexico. Sen. Dirksen was dictating to one of his staff members, Sen. Capehart of Indiana (whom Sen. Morse once called "a tub of rancid lard" in one of the more conspicuous breaches of Senatorial courtesy) stared into space. In the press galleries sat four reporters, two of them reading. The 57 visitors in the galleries presumably listened—if they could hear, which is doubtful.

It is commonly said in Washington that there has not been a real debate in the Senate in ten years. It is not that important things are not still said on the floor of the Senate, but that nobody is listening. This inhibits debate. "Everyone saves his best lines for television," Sen. McCarthy of Minnesota says. McCarthy is an excellent debater himself and he's seriously disturbed, as are many people in Washington, by its absence.

Great decisions (and some bad ones) are being taken every day in Washington without anyone's really questioning, or challenging, or objecting, or exploring, or expressing fears or great hopes or doubts or rage. For instance, on that same day, Sen. Eastland delivered a perfectly ghastly attack on the patriotism and motives of Chief Justice Earl Warren but hardly anyone paid any attention to that either. At least not that day. The next day Sens. Javits, Kuchel, and Humphrey all sprang to the defense of the Chief Justice on the Senate floor after the press reported Eastland's attack, but there was no defense from the floor at the time, though Sen. Javits questioned Eastland about his charges.

Last spring, Sen. Fulbright gave a very important foreign policy speech in the Senate. After the first few paragraphs—since few Senators were there and none of them listening—he requested permission to insert the rest of the speech in the Congressional Record and left the Senate. The press reported that he had simply inserted the speech rather than read it and Fulbright was deluged with mail from indignant voters who wanted to know why he hadn't delivered his speech.

The voters would probably be even more indignant if they knew the Senate is traditionally almost empty.

## Try And Stop Me

By Bennett Cerf

On the spacious grounds of former Ambassador Guggenheim's Long Island estate there is a picnic area, with one of those rotisseries for cooking chickens that the Ambassador likes to turn on by hand himself.

One evening a distinguished guest boughed up by at least a dozen cocktails, wandered rather unsteadily over to his host, and observed him with growing concern.

"Harry," he announced finally, "not only is it impossible to hear a single note you're playing, but it looks to me like your monkey's on fire."

"There are seven ways," maintains Shirley MacLaine, "for making an eligible man say 'yes': 1. Find him. 2. Fascinate him. 3. Fondle him. 4. Fuss over him. 5. Flatter him. 6. Feed him. 7. Frame him. If none of these seven works," adds Shirley, "forget him!"

The volunteer firemen in a Westchester village thought up a reasonable proposition when selling tickets for their annual ball. The sign at their booth in the square read, "You come to our dance and we'll come to your fire."

Fort Hill School ended Allegany High School's two-year reign as Allegany County senior high school track and field champions by rolling up 75 points in a program of 16 events to win the 17th annual event yesterday at the local stadium.

Allegany finished in second place with 34 tallies and Beall High was third with 38 points. The loss was Beall's first of the season in seven meets.

Fort Hill took 9 out of a possible 16 first places in winning the meet for the 14th time. Allegany finished first in five events and Beall copped the 440 relay and shot put.

Jack Williams and Rich Robinson, of Fort Hill, paced the individual performers on yesterday's program. Williams won the 100 yard dash, the broad jump, ran on the winning 880 relay team and finished second in the 220 dash. Robinson copped the 220, the hop, step and jump, was on the winning 880 and mile relay teams and took second place in the century dash.

Allegany's double winners were Jeff Norris in the mile and half mile and Kenny Davis in both hurdles events. Davis, incidentally, tied the low hurdles mark of 21.1 seconds, set last year by Jim McKenzie, of Allegany. Fort Hill's mile relay team of Rich Robinson, Eugene Zais, Ronald White and Bob Wallace hung up a new senior meet mark of 3:35.2, erasing the record of 3:38.1 established last year by Howser, Abbott, Athey and Clem of the Sentinels.

**Robinson's Single Brings 3-2 Victory**  
CINCINNATI (UPI) — Frank Robinson's two-out, run - scoring single in the 10th inning carried the Cincinnati Reds to a comeback, 3-2 victory over the Pittsburgh Pirates Friday night.  
The Reds rallied for three runs in the bottom of the 10th after the Pirates had broken a scoreless pitching duel between Joey Jay and Pittsburgh's Al McBean with two runs in their half of the 10th.  
Leo Cardenas started the winning rally with a walk after one man was out. Pinch hit singles by Don Zimmer and Joe Gaines accounted for one run and ElRoy Face then relieved McBean. Eddie Kasko's sacrifice fly brought home Zimmer with the tying run.  
A single by Vada Pinson set up Robinson's game-winning hit.  
Jay and McBean matched each other pitch for pitch for nine innings. Both yielded five hits while striking out five.

In other P.V.C. action yesterday, Coach Harlan Hott's Franklin High Panthers wound up the season with a 4-4 record by downing the Circleville Indians, 10-5, and Petersburg's Vikings whipped Bayard to the tune of 8-4.

**Mathias Bags Seventh Win**  
Mathias High School's defending champions remained in the fight for the Potomac Valley Conference baseball title by posting their seventh win in nine outings at the expense of Wardsville High School's Warriors yesterday at Wardsville by the score of 9-1.  
Mathias passed Keyser (6-2) in the race which Southern High School leads with a 2-0 record and six games to play.  
Al Makowski, who was 6-1 for Mathias last season, registered his seventh win of the campaign against two losses. He tossed a three-hitter at the Warriors and whiffed 12 batters.  
Ed Mongold had a perfect day at the plate for Coach Hoy Dove's team with a triple, double and single to his credit. Mathias collected ten hits.

SENIOR HIGH MEET WINNERS—Jeff Norris, of Allegany, Bob Harper, of Beall, and Jack Williams, of Fort Hill, pictured left to right, were among the winners in the Allegany County Senior High School track and field meet yesterday at the local stadium. Norris copped the mile and half mile runs. Harper was first in the shot put and Williams took the 100 yard dash, the broad jump, ran on the winning 880 relay team and finished second in the 220 yard dash. Fort Hill won the meet by rolling up 74 points. Allegany was runner-up with 54 and Beall third with 38 tallies.

## Player Grabs Colonial Lead

Tops Palmer, Pott By Single Stroke

FORT WORTH, Tex. (AP) — South African Gary Player, singing the praises of a red hot putter, seized the lead Friday in the \$40,000 Colonial National Invitational Golf Tournament with a 36-hole total of 138.

The jaunty Player put together a 33-70 to go with his opening round 68 to move one stroke ahead of Arnold Palmer and Johnny Pott.

Palmer, the first round leader with a 67, lost two strokes to the 7,112-yard par 70 and bemoaned a putter that suddenly turned cold. He one-putted only one green.

Pott, still breathing fire from his victory last week at the Waco Turner Open, tacked a 70 to Thursday's 69 to get his 139 total.

Brash Jack Nicklaus, at one point tied with Palmer and Player for the lead, lost his touch on the back nine and wound up with a 71 for 140 and a tie for fourth with Doug Ford.

Nicklaus turned the front nine one under for the day, two under for the tournament, but bogies at Nos. 13 and 18 cost him a share of the lead.

Ford added a 72 to an opening 68 and also was bogey victim on the final hole.

## Sentinels Cop Fourth In Row At Beall, 7-6

Mt. Savage Defeats LaSalle, 5-3; Valley Gets First Win, 9-4

EASTERN DIVISION	W.	L.
Allegany	5	1
Fort Hill	4	2
Flintstone	0	6

WESTERN DIVISION	W.	L.
Mt. Savage	4	2
Beall	4	2
Valley	1	5

Coach Leonard Ritchie's Bruce High School tossers cracked the five-game winning streak of Allegany High School and handed the Eastern Division leaders in the County High School Baseball League their first setback of the season yesterday at Westernport by the score of 5-4.

Jim Morris's single following Eddie Delio's single and stolen base gave the Bulldogs their winning margin in the sixth inning and snapped Jim Stewart's 3-game victory skid.

Donnie Raines went the route for Bruce, kept the Campers' six hits well spaced, fanned six and batted in two runs in the first inning with a timely double. The win gave Raines a 2-2 record for the season.

Morris paced the Bruce hitters with three hits while Whitfield and Raines had two blows each for the Campers.

**Sentinels Edge Beall**

Fort Hill's defending champions climbed into the thick of the fight for the Eastern Division title by edging the Beall High Mountaineers at Frostburg by the score of 7-6. The win, Fort Hill's fourth in a row, enabled "Bobby" Cavanaugh's team to tie LaSalle for the runner-up spot, one game off the pace.

Bill Rawnsley toiled on the slab for the Sentinels, gave up eight hits, including Allan Eisel's homer in the first, and whiffed ten batters. Francis Allen was charged with the loss.

Fort Hill coupled six walks with a hit batsman and Hamilton's single for five runs in the third inning.

Wellington Donahue's circuit clout with Homer Hardinger aboard in the fourth gave Fort Hill its winning margin.

Charles Cross, of Fort Hill, and Eisel, of Beall, paced the hitters with three hits each.

**Indians Spill LaSalle**

Mt. Savage High School scored its second win in as many days by spilling LaSalle's Explorers at Mt. Savage by the score of 5-3. The victory enabled Coach Joe Carter's Indians (4-2) to tie Beall for first place in the Western Division.

The Tribe came from behind to win the game with a three-run rally in the fifth inning. Bobby Robertson and Ralph Wilson singled and Ed Bridges' rapped a double that sent over two runs.

After Aldridge drew a pass, Tommy Stitches relieved John "Lefty" Sloan on the rubber for LaSalle. Howard Wisler walked to load the bases and a wild pitch by Stitches gave Mt. Savage its third run of the inning.

Lefty Wayne Howell scattered four hits and fanned four LaSalle batters in making his record 2-1 for the season. Sloan, losing pitcher, yielded nine hits in four innings, walked two and uncorked five wild pitches.

**Uhl Hits Third Homer**

Bobby Uhl of Mt. Savage hit a homer in the first inning, his second in as many games and his third of the season. Mike Long blasted a triple and single for the Explorers and pilfered home in the third inning. Uhl, Robertson, Wilson and Howell garnered two hits each for the Indians.

Mt. Savage beat Flintstone at the latter place Thursday by the score of 5-2 in a game highlighted by the pitching of Ralph Wilson, who fanned 16 Aggies and yielded only four hits. Bobby Robertson accounted for three of the Indians' eight safeties. Kinton had three blows for Flintstone.

**Valley Shakes Jinx**

Valley High's Black Knights broke a 5-game losing streak and handed Flintstone's Aggies their sixth straight defeat at Lonaconing, 9-4.

The Knights put the game on ice with a 5-run rally in the third inning. Larry Mills was credited with the win and Thomas took the loss. Metz, Shockey and Broadwater shared nine of Valley's 12 hits. Smith and Kinton had two hits each for the Aggies.

## Handman And Barrelville Post County Loop Wins

Stringtown Tops Ellerslie, 4-3; Corriganville Bows

COUNTY SOFTBALL LEAGUE	W.	L.
Barrelville	4	1
Ellerslie	3	2
Handman	4	1
Kennell's Mill	2	3
Stringtown	2	2
Corriganville	1	4

Handman's Vets and Barrelville's Old Germans continued to set the pace in the County Softball League yesterday by registering their fourth victories in five games.

Junior Brelsford notched his third win of the campaign with a five-hitter, beating Kennell's Mill, 7-2, for the Vets. Handman scored all their runs in two innings after Kennell's Mill had taken a 2-0 lead in the first.

Vohn Lehman paced the Vets' attack with a triple and single while Pep May had a double and single and Doc Jamison a pair of singles against loser Bob Gomer. Sonny Schroyer obtained two of the Millmen's five singles.

Joe Sager's shoestring catch in centerfield for Handman in the fourth inning was the fielding gem of the contest.

Barrelville's Carl Shaffer picked up his second win as he held Corriganville to four hits for a 7-5 victory at Corriganville yesterday.

Jerry O'Baker relieved Shaffer in the sixth when Corriganville (1-4) rallied for three runs and held the losers the rest of the way.

The Old Germans pounced on loser Ken Perdew for all their runs in the first inning. Perdew walked the first three men and Tom Stevens singled for two runs. A triple by Jim Morgan plated two more before another walk and a double by Don Tressler scored the fifth run. Shaffer's single brought in the final runs of the frame.

Bill Burkett hit a three-bagger for the only extra base blow for Corriganville which has lost three in a row.

Stringtown won its second

**In Memoriam**

In loving memory on Mother's Day of our dear Mother and Grandmother, Lilian B. Strickland who departed this life on May 26, 1961.

Her life is a beautiful memory.  
Her absence a silent grief.  
But she sleeps in God's beautiful garden.  
In the sunshine of perfect peace.  
DEVOTED CHILDREN AND GRAND-CHILDREN

In loving memory of sister and aunt, Emma M. Smith, who died May 11th, 1962.

We do not forget her.  
We love her too dearly  
For her memory to fade  
From our lives like a dream.  
Our lips need not speak  
When our hearts mourn sincerely,  
For grief often dwells  
Where it seldom has been  
Sadly missed by  
NEPHEWS, NIECES, BROTHERS,  
SISTERS

# Bloomington Dam Given Priority

## 16 Major Reservoirs Proposed

A large dam on the North Branch of the Potomac River near Bloomington was given top priority in a new long range half-billion-dollar proposal for developing water resources of the Potomac River Basin unwrapped yesterday by the Army Engineers in Washington.

JOHN G. THOMAS

## Thomas Seeks Republican Committee Post

John G. Thomas of 520 Holl and Street is a candidate for Democratic State Central Committee of Allegany County subject to the May 15 primary election.

A graduate of the University of Pittsburgh in business administration, he has been employed at Celanese since 1933 and has been a resident and registered Democrat in Allegany County since then.

As an active member of Local 1874, Textile Workers Union of America, Mr. Thomas held the positions of business manager and secretary-treasurer for 12 years and is now serving his fifth term as president.

Active in many civic organizations, he has been a member of the Salvation Army Board, has served as assistant treasurer of the County United Fund and is a member of the Board of Directors of the Upper Potomac Industrial Development Company and of the Health Research and Services Foundation Inc.

Mr. Thomas has attended extension courses of the University of Maryland in industrial labor relations, personnel management, engineering contracts and specifications.

During World War II, he was a labor member of the War Labor Board, Manpower Commission and acted as legislative representative of the Textile Workers Union. He also was active in war bond drives and in anything required to assist the government in its war efforts.

Mr. Thomas has been endorsed for the State Central Commission by the Western Maryland Labor Council.

## Disputed Tape Is Produced By Pollack

BALTIMORE (AP) — Jack Pollack turned over his disputed tape recording to State's Atty. Saul A. Harris Friday and urged the prosecutor to "use it the best way you can."

Pollack contends the tape and a document in his possession prove he gave \$5,000 to Gov. Tawes for campaign expenses in 1958 in return for political patronage which the governor never delivered.

### Is Evasive

Harris and his chief investigator, Lt. Vincent Gavin, asked Pollack several times when the tape was made, but the Northwest Baltimore Democratic boss refused to say.

Pollack also was evasive on questions concerning where the recording was made and by whom, saying only that it was not made by him and that it was not done in Baltimore.

During the 20-minute exchange, Pollack repeated his argument that a tape in possession of Tawes' forces also should be brought before the grand jury.

When Pollack made his recording public last Saturday, Tawes' headquarters made its own tape of the proceedings.

Harris said he intends to take the entire matter before the new grand jury next week, and will discuss it Monday if all 23 members are present.

Says "Too Late"

"That will be too late," Pollack said, apparently in reference to the fact that the primary election will be held the next day.

"I can't help that," Harris said. "This grand jury ends its term today. They have requested me to turn the whole matter over to the new grand jury."

Pollack is supporting George P. Mahoney in the Democratic gubernatorial primary race against Tawes. He also has endorsed Francis J. Valle for state's attorney, in opposition to Harris.

Construction of the \$51 million Bloomington Dam was recommended as soon as possible. Building of the other dams is not proposed before 1964.

The recommendations call for eventual construction of 16 major reservoirs and 418 smaller reservoirs.

The program would be designed primarily for flood control and to meet the water requirements until the year 2010 of Washington, D. C. and other Potomac Basin communities in Virginia, West Virginia, Maryland and Pennsylvania.

Col. Warren R. Johnson, district engineer with headquarters at Baltimore, outlined to reporters recommendations he plans to include in a report to be submitted in June to the division engineer.

**Nine In 15 Years**

Nine reservoirs would be constructed within the next 15 years. Authorization would be sought for protection of seven sites for other proposed major dams.

Biggest of the dams would be constructed at Seneca, Md., a few miles upstream from Great Falls. It would be 84 feet high, or some 30 feet lower than a dam originally proposed at River Bend Md.

That project was recommended by the Army District Engineer in 1946, but never advanced any further because of objections from some of the affected areas.

Johnson said there would be little difference in effect from the dams upstream.

The higher River Bend Dam would have been located four miles downstream from the Seneca site.

Regarding the plan for building nine dams within the next 15 years, Johnson said water supply problems for Washington could become acute in that time if nothing is done.

**Construction Schedule**

The nine reservoirs recommended for construction in the next 15 years, with proposed starting dates:

Maryland — Bloomington, North Branch of the Potomac near Bloomington, start as soon as possible; Six Bridge, Monocacy River upstream from Frederick, 1967; Seneca, Potomac River near Seneca Creek, 1971.

Virginia — Staunton, Middle River downstream from Staunton, 1966; Brooks Gap, North Fork Shenandoah River at Brooks Gap, 1969; Winchester, Opequon Creek near Winchester, 1970.

West Virginia — Royal Glen, South Branch of the Potomac River upstream from Petersburg, 1964.

Pennsylvania — Chambersburg, Conococheague Creek near Chambersburg, 1965; West Branch of Conococheague Creek, 1968.

The seven sites recommended for other major dams and approximate dates suggested for start of construction:

Maryland — Town Creek, on Town Creek, early 1990s; Savage II, Savage River upstream from existing Savage River Reservoir, later 1990s; Tonoloway Creek, on Tonoloway Creek near Hancock, about 2000.

West Virginia — Mount Storm, Stony River near U.S. 50 highway bridge, late 1980s; North Mountain, on Back Creek, early 1990s.

Pennsylvania — Licking Creek, on Licking Creek, late 1980s; Back Creek, Conococheague Valley near Chambersburg, late 1990s.

**Adequate Supplies**

Johnson emphasized that even with eventual construction of all the dams, the area could be assured of adequate water supplies only if there are sewage treatment plants installed to treat between 80 per cent and 90 per cent of the waste which flows into the river.

He noted that the Potomac Valley population now is about 3 million people, by 1985 will be nearly 5 million and by 2010 will reach more than 7 million.

Reservoir storage for flood control is planned only for the Bloomington, Royal Glen, Seneca and Mount Storm projects, he said.

The recommendations also include three small local flood control projects with levees, flood walls and channel improvements—Bayard and Keyser, W. Va., and Kitzmiller, Md.—which have been authorized.

Johnson said public hearings will be held May 28 at Luray, Va.; May 29 at Petersburg, W. Va.; May 31 at Chambersburg, Pa.; June 1 at Washington, D.C.; and June 4 at Frederick, Md.

Three additional hearings, at which only written statements will be received, will be held June 5 in Leesburg, Va.; June 6 in Hancock, Md.; and June 7 in Martinsburg, W. Va.

## Births

**Memorial Hospital**

Mr. and Mrs. James S. Hinkle, 310 Caroline Street, a daughter last night.

Mr. and Mrs. Millard E. Hausrath, Frostburg, a daughter yesterday.

The new traffic lights at the intersection of Greene and Allegheny streets are in operation, according to Police and Fire Commission Philmore Fleming.

## 4-H Speaking Winners

Dorothy Long of LaVale and David Stiles, right, of Boonsboro, in Washington County, are shown receiving their blue ribbons for winning the 1962 District 4-H Public Speaking Contest last night at Moon's Dining Room. Making the presentation is Max Alt, Garrett County assistant agent, who was chairman for the contest. Winners from Garrett, Allegany and Washington counties participated here. The alternates in last night's contest were Sandra Frey of Smithsburg, Washington County, and William Magruder, Aaron Run, Garrett County. The other contestants were Doty Hetrick of Grantsville, Garrett County, and Royce Simpson, Breakneck Club, Allegany County. The winners will compete in the state finals.

F. ALLAN WEATHERHOLT SR.

## Weatherholt Is Seeking Re-election

F. Allan Weatherholt Sr., 419 Fairmont Lane, local newsman and trial magistrate, is seeking re-election to the Democratic State Central Committee of Allegany County in Tuesday's primary. He has been a member of the committee for two consecutive terms and serves as the committee's vice chairman.

Mr. Weatherholt has long been active in civic and political affairs. He is a past president and one of the organizers of the Allegany-Garrett Heart Association; is past president of West Side Parent Teacher Association; is chairman of the Allegany County Commission of Alcoholism; is a member of the Board of Trustees of the Allegany County Library; a member of the Shawnee Council Girl Scouts of America Board of Directors and is a director of the Potomac River Development Commission. As a trial magistrate he is a member of the executive board of the Maryland Association of Trial Magistrates.

During the years he has served variously as director of fund campaigns for the Red Cross, YMCA and Heart Association. He has been publicity chairman for numerous organizations and for many fund raising and promotional campaigns.

Until he became trial magistrate in Peoples Court here three years ago, he had been engaged, in addition to his work as a reporter on The Cumberland News, as a part time school teacher. He was active in the Allegany County Teachers Association and was the only part-time teacher ever elected to the association's important legislative committee.

In politics, he has been a Democratic candidate for the House of Delegates and for County Commissioner. He has also sought election as mayor of Cumberland and to the city council. Mr. Weatherholt is a native of Kitzmiller, and came to Cumberland at the age of 14. He graduated from Allegany County High School in 1926 and after working for the Bradstreet Company for five years, went to work as a reporter.

## 3 Candidates In Contest For Sheriff Job

This is the ninth in a series of articles on some of the most important offices that will be at stake in this year's elections.

The chief law enforcement officer in Allegany County is the elective post of sheriff... an office which has attracted three candidates for this year's election.

Sheriff Paul C. Haberlein, a Republican, is unopposed in his quest for re-election and his name will not appear on next week's ballot. It will, however, appear on the general election ballot in November.

The Democratic party will have to run a primary next Tuesday with two men, Clarence C. Myers of Winchester Road, and James P. Russell of Mt. Savage, battling for the right to oppose Sheriff Haberlein in the general election.

A candidate for sheriff must be at least 25 years of age and a resident of the county five years prior to the election. Election brings a four-year term.

**Names Deputies**

The sheriff of Allegany County receives an annual salary of \$4,800 and is allowed free rent and maintenance for himself and his family. The sheriff's living quarters are located in the same building housing the County Jail.

Following the certification of his election the sheriff is required to post a \$25,000 cash bond, which must be approved by a circuit court judge. He may then appoint five deputies, whose salaries are not less than \$3,700, and one jailer.

Under law one of the deputies is assigned to attend the magistrate of juvenile court to execute orders and directions of the court, and when not so engaged must perform other duties as the sheriff may require.

The sheriff of the county is responsible for the "peace and safety" of the county. He collects all fines, costs, fees and charges arising out of both criminal and civil cases to which he may be entitled by law. At the end of each month during the term of office he must make a sworn statement of the collections to the county commissioners.

**Must Keep Dockets**

It is the duty of the sheriff to keep and maintain dockets of these collections and in Allegany County, if authorized by the county commissioners, he may employ a clerk-bookkeeper to perform such duties as may be assigned by the sheriff, including the preparation of all reports from the sheriff's office for submission to the grand jury and the county commissioners.

The sheriff must safely keep all persons committed to his custody by lawful authority, provide food and board for them and secure medical care when needed. He or his deputy, when arresting a person on a writ for any criminal offense not punishable by confinement in the penitentiary, may

## District Forester's Office Will Be Moved To LaVale

After 35 years in the Allegany County Court House, the office of the District Forester will be moved to 1068 National Highway, LaVale, about July 1, according to District Forester W.A.C. Irwin.

Mr. Irwin said the building is the former LaVale Drug Store and will provide his office with about 1,600 feet of floor space.

The Board of County Commissioners had asked the district forester's office to move from the third floor of the Court House to make room for the County Finance Department which is in cramped quarters on the first floor of the Court House. The forestry office had been situated in the Court House since 1927.

Moving to LaVale with the forester's office besides Mr. Irwin will be Assistant District Forester Harry M. Hartman, Brook Bod-

kin, senior forest supervisor; Ralph Peace, district park supervisor; Miss Eldora Richardson, senior stenographer; Mrs. Berdella Gurley, senior account clerk; and Mrs. Marian Nicklin, junior typist.

Besides a large room 34 by 35 feet in size, there will be a smaller office for Mr. Irwin and a storage room. Mr. Irwin is at least the fifth district forester to have served at the Court House here. They include H. C. Buckingham, now the state forester; William H. Johnson, now assistant state forester; William A. Parr, now superintendent of state parks; R. Thomas Thayer Jr., now employed in Oakland, and Mr. Irwin.

The district forester's office serves Allegany, Garrett, Washington and Frederick counties.

C. ERICH ROEDER

## Roeder Seeks Election To County Board

Christopher Erich Roeder of 808 Trost Avenue, is a candidate for county commissioner in next Tuesday's Republican primary.

Roeder is making his first venture into politics and campaigning on a platform of cooperation to bring "better government at less cost to the people."

Roeder said his candidacy was encouraged by several situations in the county political and government fields which he feels need "straightening out." He is particularly interested in tax assessments and zoning saying that in the former instance savings in tax monies would make available more of the taxpayers' "hard-earned cash" for their personal use and in the latter case that "the county is the largest violator of the city's zoning law, yet it is trying to zone the county."

Roeder has long been an opponent of what he claims is a county zoning violation in North End where county buildings and material storage have made an industrial area out of an "A" residential area since 1944.

"The Democrats elected to county office have had four years to correct mistakes of the past Republican administrations yet have made more mistakes in four years than the Republicans did in 40 years," Roeder said.

Roeder has been in the contracting business here since he was 15 years old.

He is married to Mrs. Lucile (Willcox) Roeder and they have two children, Sandra, who is attending Western Maryland College, and Erich C. W. Roeder, an Airman 3/c stationed at Andrews Air Force Base.

Roeder said he hoped that this year's elections attract a large turnout of voters and said he would like to see 90 per cent cast their ballots.

## Subway Politics Cited At Demo Meeting Here

### Attorney General Principal Speaker

Thomas B. Finan, Attorney General, who spoke at a rally of Democrat workers last night at the Knights of Columbus home, said that when the Mahoney forces "found that they had no constructive program to offer the public, and when one by one the issues they strove to create crumbled before their eyes, they finally reverted to subway politics."

"In conspiracy with Jack Pollack, Baltimore political boss, they have engaged in the most sordid, shabby and un-American type of political trickery that this state has ever seen," he said.

He told the audience that in the Baltimore area there had been "a mass revolution" to the Pollack tactics and that "cheap stratagem" had come back to haunt Mahoney.

Mr. Finan enumerated what he called the Tawes administration's accomplishments in the field of education, highway construction, health, economic development and recreation.

**Mahoney A "Republican"?**

John L. Mayo, president of District 16, United Mine Workers of America, which represents five coal-producing counties in this area, pledged labor's support to the Tawes ticket and accused Mr. Mahoney of being "a Republican who biennially aids in the election of Republican candidates to statewide office by his determined course of destruction within the Democratic party."

Mr. Mayo also said the Tawes ticket is "a ticket that will mean success in the November election," saying Tawes reflects "honor, dignity and prestige to the great state of Maryland."

William C. Walsh, former attorney general, also spoke. He congratulated those who were present and said they "constitute the sinner of the Democrat party."

**"A Little Rough"**

He referred to the present political campaign as being a "little rough." Stressing loyalty to the party, Mr. Walsh urged the workers to give full support to the Tawes ticket, pointing out it is important to have a "united party."

John H. Douglas of Montgomery County, who is seeking office as Congressman from the Sixth District, spoke briefly saying he is a Kennedy Democrat "all the way down the line."

The master of ceremonies at last night's rally was Louis A. Fatkin, magistrate of Juvenile Court in Allegany County, who introduced the various Democratic candidates for county offices.

After the rally, poll workers, poll watchers and checkers received instructions and literature for the primary election on Tuesday.

He has, in addition to his law practice, interest in local business and industrial activities and takes an active interest in civic and political affairs.

## Tractor Upsets, Farmer Injured

A 65-year-old Oldtown area farmer was hospitalized yesterday evening with injuries sustained when he was pinned under a tractor which upset while he was working on his farm.

Roy Shryock Sr., retired employee of the Kelly-Springfield Tire Company plant, police said, had been pulling an old hay baler down over a hill with the tractor.

While descending the steep incline the tractor upset and pinned him to the ground. Police said he was found by a minister and was rushed to Memorial Hospital suffering from a laceration of his left temple, and contusions of his right hip.

His wife, Virginia, sustained a possible fractured pelvis. Their three children were uninjured, police said.

Also uninjured was Clinton J. Heinecke, 33, of RD 5, Anoka, Minn. driver of the Mack truck tractor with semi-trailer.

Police said both vehicles were traveling east on the turnpike. The rig came upon the small car and the driver misjudged his distance in passing the car.

The left rear of the car was hit by the right front of the rig, pushing it into the front of the truck. The small car rolled over a couple of times, said police. No charges were preferred, they added.

## Voting Machines Distributed

Some 100 voting machines are being distributed to the 45 polling places around the county so they will be ready for the state and county primary election on Tuesday.

John Ralph Kelly, Democratic registrar and chief clerk of the County Board of Election Supervisors, said the voting machine distribution started Thursday when they were taken to LaVale, Vale Summit, Midland, Shaft, Lonaconing, Cresaptown, McCool, Westport, Barton and Luke.

Yesterday they were distributed to polling places in Cumberland, Corrigganville, Ellerslie, Zihlman, Mt. Savage, Eckhart and Frostburg.

Monday the distribution will be concluded when machines go to Piney Plains, Oldtown, Flintstone, Gross and North Branch.

Meanwhile, Mr. Kelly announced that substitute chief judges and substitute machine judges will come to the board's office in the Court House basement for final instructions Sunday.

Republicans will report at 1:30 p. m. Sunday and Democrats at 2:30 p. m.

The polls will be open from 7 a. m. until 7 p. m. Tuesday.

WILLIAM L. WILSON JR.

## Committee Chairman Is Candidate

William L. Wilson Jr., 527 Washington Street, chairman of the Democratic State Central Committee for Allegany County is seeking re-election to the committee at the May 15 primary.

A well-known local attorney, Mr. Wilson was first elected to the committee in 1946. In 1948 when the late Olive H. Bruce Jr. resigned to accept an appointment as Circuit Judge, Mr. Wilson became chairman of the committee.

He served until 1954 when he became a candidate for the State Senate on the Democrat ticket. He since served as party treasurer, was secretary on the committee and managed or assisted the management of several local, state and national campaigns.

Last year, when Thomas B. Finan became attorney general and resigned as the local committee chairman, Mr. Wilson was placed on the committee by unanimous action of its membership, and subsequently was unanimously elected committee chairman.

Mr. Wilson has served as a member and chairman of the Allegany County Civil Service Commission and was also chairman of the commission. He is a member of the Maryland State Board of Education.

A veteran of World War II, Mr. Wilson served for four and a half years in the United States Navy.

He is a graduate of Allegany High School and of Washington Lee University where he obtained his law degree. He began practicing law here in 1938.

Mr. Wilson is married to the former Miss Betty Lee Gracie and they have one daughter, Amanda, age 9, a student at Mt. Royal School. He has served for many years as a vestryman of Emmanuel Episcopal Church of which he is a member and is presently junior warden of the church.

He has, in addition to his law practice, interest in local business and industrial activities and takes an active interest in civic and political affairs.

## Two Hurt When Rig Rams Car

A Connecticut man and his wife were hospitalized yesterday morning when the foreign car in which they were riding with their three children was hit by a tractor-trailer on the Pennsylvania Turnpike about 10 miles west of Bedford.

Kenneth Gilbert, 38, of South Blantonbury, Conn., driver, was admitted to Bedford County Memorial Hospital suffering from a laceration of his left temple, and contusions of his right hip.

His wife, Virginia, sustained a possible fractured pelvis. Their three children were uninjured, police said.

Also uninjured was Clinton J. Heinecke, 33, of RD 5, Anoka, Minn. driver of the Mack truck tractor with semi-trailer.

## Injured PE Man 'Satisfactory'

Robert F. Deremer, 41, of Cresaptown, was reported in "satisfactory" condition last night at Memorial Hospital where he was admitted earlier in the day with severe electrical burns.

Mr. Deremer, a lineman first class for the Potomac Edison Company, received burns of both hands and severe chest burns when he came in contact with a 2,300-volt primary line.

The injured man remained on the utility pole and was conscious following the severe shock. Members of the crew he was working with assisted him and he was taken to the hospital by ambulance.

The accident occurred at 11 a. m. while Mr. Deremer was working on a pole in an alley between Camden Avenue and Mt. Royal Avenue.

## Small Child Drowns At Hyndman

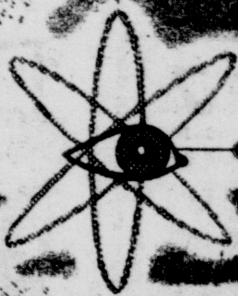

### Joyce L. Poe, 2½, Falls Into Pond Near Her Home

A 2½-year-old Hyndman girl was accidentally drowned yesterday when she fell into a pond near her home.

The youngster was Joyce Lynn Poe, daughter of Stephen Earl and Virginia (Newberry) Poe.

It was reported the small child was out in the back yard of her home with her mother who was washing their dog. While the mother was in the house for a minute, the Poe youngster wandered off and apparently fell into the pond which is located 75 to 100 feet from the apartment building where the Poes reside.

### Jan McArt Is Pretty, Versatile, But No TV

Jan McArt is a good enough soprano to be featured with NBC Opera several times. She's beautiful enough to be compared to Elizabeth Taylor.

But can she get a guest shot with Ed Sullivan or Perry Como or The Bell Telephone Hour? No, sir.

"My agent tells me," says the charming Cleveland girl, "that it is impossible. He says if they want musical comedy people, they'll get somebody who's starring in a top on-Broadway musical. If they want an opera singer, they'll go to the Met. It's frustrating."

Miss McArt loves television work. But not a nibble from television's top musical and variety shows.

Perhaps one of her problems is that she's simply too versatile. She's a fine opera singer. She's a top musical comedy performer ("The Golden Apple" is merely the latest of several). She's worked in many of the leading supper clubs.

And she's turned down a Met contract (the opera company, not the ball club). Her reason for this is an interesting insight into the way the Met operates.

"If I'd signed as just an American girl from the San Francisco Opera," she says, "I'd never get anywhere with the Met. I'd be doing small roles the rest of my life. To get anywhere with the Met, I'd have to first go to Europe and sing in some small provincial opera company for a few years. Then they would bring me back and let me have some leads."

#### Mister Ed Chosen

Mister Ed, the talking horse, animal star of the "Mister Ed" series on the CBS Television Network, received the 12th annual Patsy Award of the American Humane Association as the outstanding performing animal in television for 1961. Running a close second was Lassie, animal star of the "Lassie" series, a previous two-time winner.

### Gary Crosby's Goal Is Video

Gary Crosby is an extremely likeable young man, whose modesty isn't put on. It's the genuine article. He also minimizes his talent—actually, he's developed into a fine singer and a good actor.

He just finished a part in a U. S. Steel hour, "Male Call," which is being held for release later in the spring. Crosby played a straight part in this.

His aim is television—a series, preferably, so he can stay home with his wife, Barbara, and his adopted son, 6½-year-old Steve.

Gary says it was never "assumed" by his parents that he would follow them into show business.

"In fact," he says, "my mother used to discourage me. My father didn't discourage me, but he didn't push, either. He just let me find out what I wanted to do myself."

#### Skeet-Shooting Star

Robert Stack, star of "The Untouchables," made All-America as a skeet shooter at the age of 14.

## Dr. Kildare Now 'Cutting' Records

Richard Chamberlain, who has the title role on NBC-TV's "Dr. Kildare" series, is on records this week for the first time as a singer.

For his debut, Chamberlain applies his light baritone to a new ballad, "Three Stars Will Shine Tonight," with music based on the "Dr. Kildare" theme.

The Chamberlain offering brings the total recordings of this theme to six—each on a different label—making it one of the leading musical items to stem from TV in recent years.

Issued by MGM, the Chamberlain single is backed up by the standard ballad, "A Kiss to Build a Dream On."

## Larry Dobkin Performs Three 'Rifleman' Jobs

Larry Dobkin is the only man who's held down three different jobs on "The Rifleman" since the program bowed in 1958. He has played several roles in the series, ranging from a crooked sheriff to the Civil War hero, General Sheridan.

Director Dobkin has megged six episodes of "The Rifleman" this season.

Writer Dobkin, collaborating with series star Chuck Connors, wrote "The Actress" segment aired last season.

Peggie Castle of "Lawman" observes that quality of character will always do its own advertising!
